

# The Quilted Tote Bag

---

Everyone needs a tote bag, and this one is functional and also shows off your amazing quilting skills. Use HSTs and then quilt with a free motion pattern or straight line quilting, your choice. It is a great around town tote, it contains all the features I find to be helpful, yet the pattern is relatively simple and easy to create. This tote includes an internal zippered pocket, and external pocket perfect for your cell phone and a 'D' ring or clip to hook your keys or town park pass to your bag. It also includes a rigid bottom insert to help your bag sit up by itself. I like to make this tote bag to give as a gift, you can change up the fabrics to make a tote for the office, the kids, the beach, your sewing or your knitting/crocheting. The possibilities are limitless.

## Features:

- ◆ A 'D' ring or Clip to hook keys or a pool pass
- ◆ External pocket, great for a cell phone or sunglasses
- ◆ Interior zippered pocket for valuables
- ◆ Rigid bottom
- ◆ Dimensions, approx. 6" deep, 12" wide and 14" high
